

Pricing Strategy for Garnet AI - Alpha Version

Pricing Tiers & Rationale

1. Introductory Starter Price

- Price: \$1/month
- Target: Individuals, solopreneurs, and early evaluators

Features:

- Access to AI-assisted questionnaire answering for up to 2 questionnaires/month
- Single compliance framework checklist (e.g. GDPR) with manual evidence upload
- Basic Trust Portal with one document upload
- Community-only support via knowledge base (no email support)
- Data retention for 7 days; in-memory processing only (zero permanent storage)

Rationale: Freemium lowers barriers to entry, accelerates user acquisition, and builds a pipeline for upsell to paid tiers

2. Growth – “Startup”

- Price: \$49/month (billed annually)
- Target: Early-stage startups needing regular but limited compliance automation

Features (all Starter features, plus):

- Unlimited AI-generated questionnaires (up to 100 questions each)
- Support for up to 3 compliance frameworks (e.g. GDPR, PDPA, SOC 2)
- Enhanced Trust Portal customization (logo + two documents)
- Email support with 48-hour SLA
- Data retention up to 30 days; exportable audit logs
- Basic analytics dashboard

Rationale: Entry-level paid plans in SaaS typically start at \$30–\$100/month for niche solutions; \$49 aligns with this benchmark and encourages conversion from free users.

3. SMB – “Scale”

- Price: \$199/month (billed annually)
- Target: Small to mid-sized businesses with ongoing compliance demands

Features (all Growth features, plus):

- Unlimited AI questionnaires with advanced context-aware suggestions
- Up to 10 compliance frameworks, including AML, OFAC, FCPA, ISO 27001
- Full Trust Portal: unlimited document hosting + custom subdomain
- Priority email support and live chat during business hours
- Data retention up to 1 year; advanced audit reports (PDF/CSV)
- Role-based access control (founder + up to 5 sales professionals)
- Scheduled compliance reminders and expiry alerts

Rationale: Mid-tier Governance, Risk, and Compliance (GRC) software plans average \$150–\$300/month, reflecting the need for enhanced capacity, frameworks, and support.

4. Enterprise – “Mid-Size”

- Price: Custom pricing (starting at \$499/month)
- Target: Established companies with complex, multi-jurisdictional compliance needs

Features (all SMB features, plus):

- Unlimited frameworks and user seats
- SLA-backed 24×7 support and dedicated account manager
- API access for integrations (SSO, ERP, HRIS) and advanced webhooks
- Quarterly compliance reviews and feature workshops
- Optional add-ons: automated sanctions/PEP screening, AI fine-tuning

Rationale: Enterprise RegTech solutions commonly start around \$500/month to cover dedicated support, custom Service Level Agreement (SLAs), and deep integrations.
